Astrology

Aries: Today you will feel like displaying your power. If you find that people are awe-struck when you pass by, take it that your labours are doing the trick. Otherwise, take it that you have to get things in better order. Ganesha says either ways you have more work to do.

Taurus : This may be, health wise, a bad day for you. Ganesha urges you to take special care and not to do anything that invites illness or discomfort. The least you can do is to ensure that you do not over exert or get into situations that generate tension and anxiety. Be careful about the food you eat. Make sure that the water you drink is potable and safe. Do not expose yourself to extreme heat or cold. Act sensibly.

Gemini: Today, the bond that you share with your friends will get stronger. You are also likely to fall in love. If you are already in a relationship, you will plan to validate your bond either through an engagement or marriage. If you are a student, this is a good phase for you. Along with love, you will also get good grades. You are also likely to take part in extra-curricular activities.

Cancer: Today, you may have to do a lot of multi-tasking at work, predicts Ganesha. And you are likely to do it with the dexterity of a juggler. You will finish your pending tasks with ease. You will make seemingly impossible tasks look as simple as blinking. You will do it all without even batting an eyelid.

Leo: Fortune smiles on but a few, and when it does, it can take you to places you have never even dreamt of. Today is an exceptional day, in the sense that Lady Luck is backing you in all earnestness. So go with the flow and take your chances. You will find, much to your delight, that success is easy to achieve when you are willing to work hard and have luck guiding you. Call it the Midas touch, but success is yours in everything you undertake, says Ganesha.

Virgo: Reflect on past glories and assemble the machinery for accomplishing more in the future. New relationships will mark the road to progress. You easy-going nature will help you get along famously with people.

Libra: Today might be a good day to invest in that body armour you saw on the telly last night. At least find one that will shield you from being at the receiving end of your seniors and the daily grind of life. If you happen to be a job aspirant, be prepared to slog it out for your success. Put off auction bids and sealed tenders for a luckier day. Whatever it is that you do to turn your luck around, Ganesha advises you to take abundant precautions in all matters.

Scorpio: House renovation is in the offing. You may furnish it with portraits and artefacts. Today, you may also feel like playing the stock market game and stake your bets, says Ganesha. Have a great time at home by hosting friends over.

Sagittarius: Today is a curiously interesting day for you. While you are always well-groomed, today, you may take that extra bit of care to look best and attract a lot of praise for that too, especially from those glam hounds around you. That immaculate charm you are carrying today will enhance your business fortunes.

Capricorn : You will prioritise your needs, and the most critical would be the need to manage finances to save for the future. Also, the company you choose to keep will reflect the kind of person you are. So, beware of who you befriend, warns Ganesha.

Aquarius: Lady Luck gazes lovingly upon you today! Bosses are pleased, colleagues are happy, and this makes work seem like leisure. You may want to get in touch with old friends who have moved far away. What are you waiting for, asks Ganesha, in this age of communication?

Pisces:-Sometimes you are so kind and charitable that you sacrifice your own well-being and happiness for the sake of others. This streak within you may emerge as you engage in a selfless deed. You will have a strong desire to do something for your family and your home. At work or business you will achieve your goals without any opposition, blesses Ganesha.
